

May 2010

T/Th Class Activities

The first week of May we will be working in secret to surprise the Mommies for Mother's Day. Shhhh! No peeking!

Beginning May 10 we will have two weeks of fun with flowers. We'll paint flowers, plant flowers and explore flowers. You can help our flower collage activity by bringing in lots of magazine pictures of flowers on May 11th, and then lots of FRESH petals on May 20 for a petal exploration and collage.

We end the month with music! We'll make our own musical instruments to play each day at Circle Times, as well as exploring our own Happy Time Instruments. **If you have an instrument** - or know anyone who has one - and can come in to play at Circle Time or Story Time, we would love that!!
